

Flowering Amaryllis Bulbs

**Exclusive Program For National Garden Clubs Inc,
Hionis Greenhouses Is Offering Large Flowering Amaryllis Bulbs In Two Colors.**

Hionis Greenhouses is one of New Jersey's largest growers of plants and flowers. They are family owned and operated for two generations. Their bulbs are of the highest quality. They work closely with breeders from Holland to bring you a beautiful product. Hionis Greenhouses is a state of the art local facility. They will pack and ship your order efficiently and with care on site.

Amaryllis Red Lion is truly a classic. It is probably the most popular Amaryllis for Christmas. One look at the pictures will tell you why - the huge luscious blooms are a fire-engine stopping red! Four, even five, blooms are born on strong stems. This is an especially vigorous hybrid that will produce up to three stems on mature bulbs.

Amaryllis Candy Cane is a bicolor Amaryllis that features large red and white blooms per stem. This fresh flower would dress up any winter wedding bouquet, holiday table centerpiece or holiday flower arrangement. This is an especially vigorous hybrid that will produce up to three stems on mature bulbs.

Planting Period: Immediately upon arrival.
Plant with roots down and top nub up, leave 1/2 - 2/3rds of bulb exposed.
If planting in a pot use a taller style pot.
Flowering time is 7-10 weeks. • Larger bulbs produce more flowers.
Always store un-planted bulbs in a cool place between 40-50 deg. F.
