Plant America - Play Outdoors

Dear Garden Club Members:

This handbook has been prepared to provide information that makes submitting award applications easy, answers questions, and serves as a resource for all members. The committee members, your state awards chairman, and I are available for questions and support at all times.

Keep your award handbook close by and use it frequently when preparing applications. Included are a number of resources to make it easier for you to apply for awards. The rubrics to be used for scoring will be helpful in knowing what to include in your application. The FORMS section of the NGC website has fillable forms available for completion and printing.

As our gardening friends in Connecticut remind us, awards serve several purposes. Awards create pride through recognition. They encourage members to do more. Awards bring awareness of a club as an asset to the community and inspire others to pursue worthwhile projects. An active, award-winning club attracts new members.

Garden club projects are vital parts of our communities. The future of garden clubs is secured by the visible work that we do. While we Plant America as we Play Outdoors, let's remember to showcase that work through applying for awards in recognition of the significance of our work.

Diane J. Harbin

NGC Awards Chairman 2021-2023

NgcAwards@gardenclub.org

Please remember:

No individual, single member club, group of member clubs, Council, or Districts may make direct application to National Garden Clubs. All applications must come through your State Chairman and must include the appropriate NGC Application Cover Sheet. All Application Cover Sheets are posted in fillable format on the NGC website under FORMS.

Introduction

The 2021-2023 Awards Committee was tasked with taking a close look at the entire awards program to see where changes might need to be made, especially in bringing the program up to date with the current focus of our organization. All states were given the opportunity to respond to a survey in the summer of 2020 with a subsequent survey in the fall. Results were analyzed and recommendations were sent to the Executive Committee for review. These were accepted and revisions were on their way!

This handbook is the outcome of these many months of work. It is our hope that members across our nation and our International Affiliates will find the awards program easier to manipulate and that this will encourage clubs to apply for more awards. The look is vastly different, and the award numbers have changed, but most of your favorites are right here. Just look through the Chart of Awards (Awards Table on NGC website) and you should be able to find what you need to see where your project fits into the awards program.

When you find an award in the Chart of Awards that seems to fit your project, look in the columns to see if you or your group is eligible to apply for that award and what you must complete for your application. Descriptive details for each award are given in the Category section of this Handbook. Links are provided in the online Awards Table to each Category section.

Scoring was one of the concerns brought forth by our states. Inconsistency in scoring from state to state and region to region seemed to be discouraging for applicants. Therefore, Scoring Rubrics were developed. The descriptors used in each rubric were already stated in the existing awards program. They now have a specific maximum number of points assigned for each descriptor to help keep scoring more consistent across the board. Most awards are scored on the General Scoring Rubric that is shown on page 13 of this handbook. A few are scored on a scale particular to that award. In those cases, you will find the Scoring Rubric immediately following the award description. All levels are asked to utilize these Scoring Rubrics in judging award applications. Just copy the appropriate rubric from the FORMS section of the NGC website and use for your local and state scoring.

Almost 70% of our states responded that awards that are given based on size of club or state should be placed into just three (3) category sizes. To determine how to divide the clubs and states into thirds so that each group would have about the same number of clubs, states were again surveyed. After analyzing the 31 state responses received, the sizes listed on the general information page (page 6) were determined.

Be sure to check the new numbers for the Flower Show Achievement Awards. These award details were just reviewed, and necessary changes made when the New Handbook for Flower Shows was created, so those are current.

The Application Cover Sheet has been revised also and is available in fillable format in the FORMS section of the NGC website. The same is true for the Award of Excellence Cover Sheet. Hopefully the term "Cover Sheet" will help applicants clarify that this page is not counted as part of the award application. States are asked to utilize this form when submitting awards to the NGC Awards Committee. State specific forms will not be accepted.

Most applications will be submitted electronically. The exceptions are listed, of course including all Publications. If there is a specific difficulty with submitting electronically, please contact the Awards Chairman for instructions.

"The Process" on the next page is a quick overview for preparing an application. Everyone working on an application should read over that page. The State and Regional chairman will also need to carefully read the following page of instructions. For any questions, please contact the Chairman or Co-Chairman.

The Process

Review the **General Directions**. Follow those guidelines.

Use the **Chart of Awards** or online **Table of Awards** to decide which award is best for your entry. This tells you who is eligible to apply for that award and the items required.

Go to the **Award Description** for further details. On the NGC website, click on the name of the award category from the Table of Awards to go directly to that award's descriptive information.

After reviewing the description details, fill out the **Application Cover Sheet**. On the NGC website, click on "Application" in the right column to go directly to the cover sheet for that award. Download the blank Cover Sheet to your computer. Be sure to name it something you will remember and put it in a file where you can find it again! Open the new file and fill out each section of the Cover Sheet, using the tab key to move between sections. When it is complete, be sure to save your changes. MAC users open the form in Preview before completing.

Go back to the Award Description and look carefully at the **Scoring Rubric** to see what the judges will look for as they score your entry. Most awards use the General Scoring Rubric which you can find by clicking on the Scoring in the same box to the right of the award name. If your award has a specific Scoring Rubric, it will also be given immediately following the award description. Use this information to help you understand what you should include in your application.

Write your **Award Application**. Be sure to adhere to the page limit and use a clear, easily read font. Include photos when applicable. Insert the photos as you write to avoid the need for adding captions. If you need help with that, ask the Awards Co-Chairman. Ask someone else to read over the completed application for clarity and editing.

Send the Cover Sheet and Completed Application as indicated in your individual State guidelines by the due date required for your state.

***All forms in this handbook are posted on the NGC website in the FORMS section as fillable forms. Scoring Rubrics are also available on the website under the State and Regional Awards Chairmen tab.**

General Information About Awards

The Awards Year is from January 1 through December 31.

Only National Garden Clubs, Inc. members and affiliates are eligible with the exception of applicants for the following:

- Award of Excellence for Non-Members
- High School Distinguished Service Project

All applications must include an NGC Application Cover Sheet and are sent to your State Awards Chairmen who will set due dates for them.

All applications with photos including Youth under age 18 must include a signed Publications Release Form for each young person involved.

See FORMS section
on NGC website.

Judges will not open hyperlinks embedded in any application with the exception of Membership Advancement & Education awards 1 (Membership Awareness), 2 (Social Media/Website), and 3 (Digital Presentation).

All applications will be sent electronically with the following exceptions:
